**(Owner/Agent)** \_\_\_\_\_

**FILING INSTRUCTIONS:** Applicant shall provide color pictures of neighboring dwellings with narrative ,highlighting dissimilarities of proposed new dwelling to existing neighboring dwellings Please refer to the Location & Condition Schedule. The following are the subdivisions/components for comparison:

1. Height of the main roof ridge, or in the case of a building with a flat roof, the highest point of the roof beams, above the elevation of the first floor.
2. Height of the main ridge above the top of plate.
3. Length of the main roof ridge , or in the case of a flat roof, length of the main roof.
4. Width between outside walls at the ends of the building measured under the main roof at right angles to the length .
5. Relative location of windows in the front elevation or in each of both side elevations with respect to each other and with respect to any door, chimney, porch or attached garage in the same elevation.
6. In the front elevation, both
  - (a) relative location with respect to each other of garage, if attached, porch, if any, and the remainder of the building, and
  - (b) either ( i) height of any portion of the building located outside of the limits of the main roof, measured from the elevation of the first floor to the roof ridge or in the case of a flat roof, the highest point of the roof beams.
  - (ii) width of said portion of the building if it has a gable in the front elevation, otherwise length of said roof ridge or said flat roof.
7. Material treatment on front exterior - a difference in material covering or building "siding" of less than fifty per centum of the area of the front elevation shall be deemed to make buildings like or substantially like in this respect.
